Subject: B&V Drawings for IPP Structural Steel
Modifications for OFA Duct Work

Attention: James Nelson
Contract Administrator

Gentlemen:

Black & Veatch is pleased to provide to you the formal drawings for the structural steel modifications associated with the over-fired air duct work. Enclosed please find 5 full-size and 1 half-size copy of the following drawings:

Drawing Number:	133643-1BSA-S6001
Drawing Title:	Generation Area – Steel Framing; H-Brace Modifications
Revision:	0 (Approved for Construction)
Revision Date:	23DEC02

Drawing Number:	133643-2BSA-S6001
Drawing Title:	Generation Area – Steel Framing; H-Brace Modifications
Revision:	0 (Approved for Construction)
Revision Date:	23DEC02

I have sent electronic files of these drawings to you this morning via email, in order to expedite your receipt of these drawings.

The only change to the drawings from what we previously sent to you was to correct the size of an existing steel member.
